With over 1 in 150 children being diagnosed with autism, it is the fastest growing developmental disability in the United States. The Autism Society of Minnesota (AuSM) is an organization committed to the families, educators, care givers and professionals offering the education, services and support to individuals and families affected by autism spectrum disorders (ASD). AuSM seeks to realize its mission through education, support, collaboration and advocacy. The ERSRC's good friend and honorary member lives with autism and AuSM has been a valuable organization for him and his family.

Your involvement will make a positive impact on the lives of many children with autism and their families. Thank you in advance for your generous support and commitment to our cause. If you have any questions please feel free to contact us.

Sincerely,
